

2011 GUEST PLAYER GUIDELINES

The following are the guest player guidelines, established by the Ohio Youth Soccer Association, North, Inc. to be used for guest player registration at the 2011 Bay Challenge Cup Soccer Tournament. Failure to comply with these guidelines will result in the disqualification of the guest player request. Please have these guest player forms available at registration.

1. All Ohio-North competitive and premiere players may be the guest players on another Ohio-North team. Please complete the Guest Player Roster for your team registration. This must be presented on the night of Team Registration, September 1 or September 2, 2011.
2. All Ohio-North competitive and premiere players may be guest players on non-Ohio-North teams. The player must request, in writing, permission to play on the non-Ohio-North team from the Ohio-North state President and the President of the team's home state. Once permission is granted in writing, then the team needs to get a guest player permit from their home state association. A copy of all forms and letters should be forwarded to Ohio-North's state office prior to the start of the Tournament.
3. A non-Ohio-North player may be a guest player on an Ohio-North team. The player must request permission, in writing, from both state associations' Presidents. Once the permissions have been granted in writing, the team will have to get a guest player form from Ohio-North prior to the start of the Tournament.
4. Ohio-North will not issue the guest player form without the written permission of both state presidents.
